Ten Key Steps

Following on from our conference on the First Thousand Days earlier this year we are looking to consult on a document called ' Ten key steps' which outlines what services can do strategically to support infant and parent mental health in East Lothian.

A small but wide ranging group of East Lothian professionals have looked at good practise elsewhere in the UK, and developed the 'Ten Key steps' for services, planners and commissioners in East Lothian. We want your view on the key steps and have made a very simple survey monkey with three questions which can be completed in a few minutes at the following link

The Coalfields Dog Poo Challenge

the coalfields regeneration trust

THE COALFIELDS DOG POO CHALLENGE!

The Big Problem
80% of the communities who have been involved in creating a community action plan as part of Coalfields Community Futures programme, highlighted dog fouling as an issue of concern in their local community.

The issue of dog fouling is one of the most common to be flagged up as needing something done about it. Dog fouling is universally unpopular and often raises people's anger with stories of how it negatively affects people's ability to enjoy being outdoors.

The Big Challenge
Coalfields Regeneration Trust are offering an incentive to communities to really focus on this issue and come up with creative ways of dealing with this problem that can be shared with other communities, helping create an effective deterrent to irresponsible dog owners everywhere!

The Organisations Who Can Apply
We are inviting applications from the Anchor Organisations that are leading on each of the Coalfields Community Action Plans

The Big Incentive
CRT have £6,000 funding to take forward 3 innovative projects that will help address the dog fouling issue in their community.

The Big Award Ceremony
The projects that apply will be assessed and those that are eligible will be voted on by participants at the next CRT Network Meeting in September after candidates have had an opportunity to give a short presentation on their project.

To check if your group can apply, and if you have a bright idea that you think could work, or for an application form please contact Enid Trevett.

enid.trevett@coalfields-regen.org.uk

01259 272127

The deadline for applications is August 17th 2016.

The Coalfields Regeneration Trust is a Charity registered in England and Wales (No. 1074930), a Charity registered in Scotland (No. SC039277) and a Company Limited by Guarantee registered in England and Wales (No.3758566).

Community Choices Fund

No pressure but note the closing date for applications is the **29th July 2016**

The Community Choices Fund is a new £2 million fund to support participatory budgeting (PB) in 2016/17 for more people to have a direct say in how, and where, public funds can be used to address local needs. There are 2 categories of funding available:

1) Category one is open to Public Authorities which includes Local Authorities and other Public Bodies. For more information on the criteria for this application see: www.gov.scot/Resource/0050/00501823.pdf Note, that match funding is needed from public authorities and can be directed towards support for participatory budgeting activity geographically or thematically towards a particularly policy or community interest. Funding from other stakeholders can be used to support this but NOT match funding from other Scottish Government streams eg "East Lothian's on the move" project.

2) Category two is open to Community Organisations (such as Tenants and residents Associations and Community Councils). For more information on the criteria for this application see; www.gov.scot/Resource/0050/00501823.pdf It is open to community lead organisations that can demonstrate democratic governance, strong links to their community and the ability to stimulate high levels of voluntary activity. Community Councils must have an agreed Scheme of Establishments with ELC and have a written constitution and a bank account. Projects can be place based or thematic and match funding is not needed.

We can help you apply for and deliver on this if you need any help. We will also be running training later this year if you are interested in learning more about Participatory Budgeting.
