Planning Aid Scotland

Changes to the representation submission process to the ECU

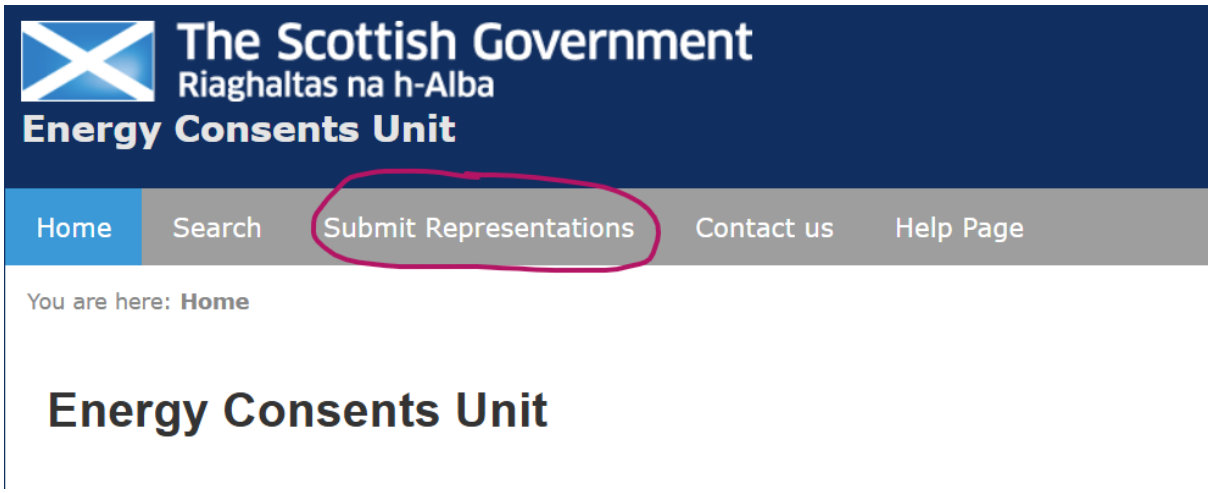

The ECU changed their process of submitting a representation on January 15th.

Communities and individuals are now asked to submit their representation using the ECU portal (not email). Registration on the portal is not required.

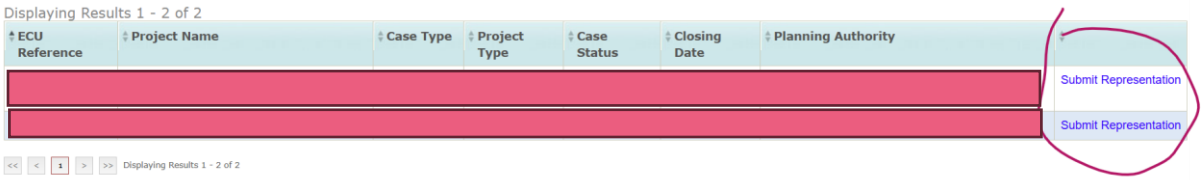

For some applications, email is valid. Visit the ECU website. On their front home page you can find a list of applications where email is still valid.

When looking to submit your representation to the ECU. Go to their website: https://www.energyconsents.scot/Default.aspx

Once on the website select 'Submit Representations' on the top bar:

You will then come across a list of applications you can submit your representations to. Click on 'Submit Representation' in the relevant row:

You will then be asked personal questions first. You can select those to remain anonymous.

You can also select a link to submit a link to a petition.

You will then be asked to clarify what your reason is for submission ie. Neutral comment, support or objection and one ground you are submitting.

Planning Aid Scotland

Following this on the next page, you can copy and paste your written representation.

You will also be asked to complete a ‘Captcha’. This is used to determine that you are a human user rather than an artificial bot.

A Captcha looks like this:

Please enter the text you see in the image into the text box below before submitting your representation:
